

## SMMware Subscriber News

Oct 17, 2019,

Here is a short note about the latest revision to SMMware. This has been a popular request, and we are pleased to offer it now.

### **Ability to see/print full Notes, Tasks, and Calls**

Within a given “Notes” section, there is now a button labelled “Full Notes” which brings up a popup window listing all the details of all the notes (the full body of the note as well as summary, note creator, and creation date). If you use your browser’s print function the page will be in black and white with just the text.

There are similar “Full Tasks” and “Full Calls” buttons in those respective sections.

We hope you find this new revision useful.

Based on your feedback, SMMware continues to evolve to better serve Senior Move Managers, and we continue to welcome your suggestions.

As always, thank you for your business, and if you have questions please don't hesitate to contact me.

Thanks.
