NASMM Expo 2020, Houston: One-on-one Meetings, User Group Meeting

One On One Meetings

For those who are attending the NASMM Expo in Houston next week, I will be available for one on one meetings most of the time, whenever the exhibition hall isn't open. I'm happy to make specific appointments, or you can just text me for an impromptu meeting. I will also be camped out at least some of the time in or near the hospitality room.

User Group Meeting

I'm gauging how much interest there is in a SMMware User Meeting. The official schedule of events is pretty full so there isn't a single obvious time to meet.

Please send a vote for one of the below (to bjacobs@smmware.com, don't hit 'reply' on this email:

- Thursday at 3:30pm (although that overlaps the 'Pre-Conference Intensive')
- Saturday at 9:30am (although that overlaps with Ask The Senior Move Manager)
- Sunday at 12:15pm, immediately after the closing remarks.

Note, I'm giving a general introductory seminar from 8:15am-9:15am so for the 9:30am option we'd meet once that has cleared out.

For a little extra enticement: If we can agree on a time and 10 or more subscribers say they will come, a lucky winner will get a free tablet.

You are of course welcome to attend the seminar as well, to see what is new. I might also mention that I'll be giving away a free tablet at the seminar, and current SMMware subscribers are eligible (must attend to win).

As always, thank you for your business, and if you have questions please don't hesitate to contact me.

Thanks.

- *Brian Jacobs*

P.S. Details on the tablet give-away: Must attend to win, one entry per person, one prize per person. At the seminar, any expo attendee can win, including current SMMware subscribers. At the User Group meeting, only current subscribers are eligible.
