# SMMWARE

## SMMware Subscriber News

March 2, 2020,

**NASMM Expo 2020, Houston:**
**User Group Meeting, One-on-one Meetings**

**User Group Meeting**

My thanks to everyone who replied about a meeting time. The most popular time by far for us to meet was Thursday at 3:30PM.

We will meet at the entrance to the exhibit hall. If things are not too strict, we'll go to the SMMware booth where we'll be able to gather around the television there, such that we can all be looking at the same thing.

If we aren't permitted to go to the booth, I'll have a fallback spot scouted out where we can move to, to sit and talk.

Based on the responses, I anticipate a nice turnout for this, our first meeting. For next year, my thinking is that I'll plan early on for meeting at 3:00PM on Thursday, so that people can have more advance warning and we can have an even better turnout. Ideally, bring a business card to use as your entry for the free tablet.

You are of course welcome to attend the seminar Saturday at 8:15 as well, to see what is new. I might also mention that I'll be giving away a free tablet at the seminar, and current SMMware subscribers are eligible (must attend to win).

**One On One Meetings**

For those who are attending the NASMM Expo in Houston next week, I will be available for one on one meetings most of the time, whenever the exhibition hall isn't open. I'm happy to make specific appointments, or you can just text me for an impromptu meeting. I will also be camped out at least some of the time in or near the hospitality room.

As always, thank you for your business, and if you have questions please don't hesitate to contact me.

Thanks.

- Brian Jacobs

P.S. Details on the tablet give-away: Must attend to win, one entry per person, one prize per person. At the seminar, any expo attendee can win, including current SMMware subscribers. At the User Group meeting, only current subscribers are eligible to win.
